- "Quotation" means this written scope of works and fees by the Company to the Client.

Payment

- **50% downpayment** before work commencement; the balance will be collected upon work completion.
- For payment via bank transaction, please use: **United Overseas Bank (Malaysia) Berhad** · Account Name: **Innovation Aid Sdn Bhd** · Account Number: **231-308-197-6**.

- In case the Customer fails to fulfil the payment set out in the Contract, the Customer shall pay to the Company interest at **10% (ten per cent) per annum** (chargeable monthly) of the total outstanding amount until the account is fully paid by the Customer.

Acceptance

- The Client appoints the Company, which accepts such appointment to provide the Services and Deliverables upon these terms and conditions. Only changes agreed by both parties in writing are valid.
- A Quotation for the services given by the Company shall not constitute an offer. The Quotation is only valid for **fourteen (14) working days** from date of issue.

Material Price Fluctuation Clause

- Due to current global volatility affecting petroleum-based raw materials (bitumen, polymers, and resins), the prices quoted herein are valid for **7 days** from the date of this quotation. In the event of a documented increase in material costs from suppliers exceeding 5% prior to the commencement of works, the Company reserves the right to adjust the contract sum accordingly.

Adjustment for Actual Site Measurements

- **Adjustment of Contract Sum:** In the event the actual total floor area exceeds the size stated in the original quotation — regardless of whether the discrepancy is due to human error, estimation oversight, or inaccurate site plans — the Company reserves the absolute right to adjust the contract sum proportionally.
- **Calculation of Additional Cost:** Any additional area found shall be charged based on the prevailing pro-rata rate per square foot/meter as established in the original quotation.
- **Notification:** The Client shall be notified of any such measurement discrepancy prior to the application of materials to the additional area, and the additional cost shall be added to the final claim.

Warranty

- **E-Gel Injection:** this warranty is valid for **three (3) years** from the date of completion of the E-Gel waterproofing works.
- **Membrane — Labour Warranty:** we provide a **5-year** warranty on labour performed by our team, covering workmanship defects related to the installation of waterproofing systems.
- **Membrane — Material Warranty:** our supplier provides a **10-year** warranty on waterproofing materials, subject to their terms and proper usage (only applicable for exposed membrane installation).

Termination

- In the event any of the Company's claims for work done (including but not limited to this contract) is not processed or certified and payment is not made within the agreed time frame, the Company shall have the absolute right to halt or stop the balance of the work (if any), and the Company shall not be held responsible or accountable for any delay in any form whatsoever.
- All down payment, advance payment or deposit paid by the Client shall be non-refundable; in the event of default on the part of the Client which results in the determination of this contract, or in the event the Client unilaterally terminates the contract, all such sums shall be forfeited by the Company absolutely as part of the damages, and the Company shall have the right to claim against the Client for the expenses, costs and losses incurred in respect of the Project.
- If the Contract Sum or any part thereof is required to be recovered through the process of law, the Client shall be liable to pay to the Company (in addition to the moneys then due and payable) the solicitors' fees (on a solicitor-and-client basis) and any other fees and expenses incurred in respect of such action.
